HARRY HORSE in the Land of Broken

Clocks

If you looked into Nancy Claire's bedroom you would see a very special, magic person. His name was HARRY HORSE. He lived in Nancy's bedroom, and slept all day on the floor by the window

HARRY HORSE was red. He had bright blue eyes and a long blue tail. On his back was a white saddle. HARRY HORSE was magic. He could fly.

During the day, HARRY HORSE was asleep. If you looked at him you would think that he was just a toy. A VERY BIG toy. He would never wake up when anyone else was awake.

Nancy had a little sister called Bethan. As soon as Nancy and Bethan fell asleep, HARRY HORSE would wake, and fly them to strange lands. HARRY HORSE could do that. HARRY HORSE was magic!

One night, as they flew high into the sky, the wind blew hard at them. Nancy and Bethan had their dressing gowns on.

"Hello, North Wind" said HARRY HORSE. He knows everyone's name. "Could you blow somewhere else please. I am getting cold."

"NO!" said the North Wind. He was mean. The wind blew hard at HARRY HORSE. HARRY HORSE blew hard at the North Wind.

"A-tish-oo!" said the North Wind. "What have you done?"

"I have given you a cold for being so mean" said HARRY HORSE. He can do that. HARRY HORSE is magic! The North Wind had a blocked up nose, and could not blow any more.

"Goodbye, North Wind" said HARRY HORSE.

"A-tish-oo" said the wind.

They flew on.

"Today I am going to take you to the Land of Broken Clocks" said HARRY HORSE.

Soon they came to a big shiny gate. The gate was open. They flew through the open gateway.

Inside the sun was shining. It was day. All around them there were clocks. Clocks of all sizes. Clocks of all types. There were Grandfather clocks, alarm clocks, wall clocks, cuckoo clocks and even baby watches.

They were all sitting on the ground looking very sad.

"They look very sad" said Nancy.

"They are very sad " said HARRY HORSE.

"Why are they sad?" asked Bethan.

"Because they are all broken" said HARRY HORSE. "Every time that a clock is thrown away because it is broken, it comes here to live".

"Hello, HARRY HORSE" said a Grandfather Clock, very sadly. Everyone knows HARRY HORSE.

"Hello, Grandfather Clock" said HARRY HORSE. "I have brought Nancy and Bethan. I think that we should have a party".

"I think that we are all too sad" said Grandfather Clock.

"Cook" said a cuckoo clock. He couldn't say "Cuckoo". He was broken. He sat down next to a very big Church Clock. "DONG" said Church Clock.

Suddenly, Nancy saw a small dot in the sky. It was a green dot. It was flying towards them. It was getting bigger. Bethan saw some smoke coming from the green dot. It was getting bigger...

The green thing landed on top of the Church Clock with a loud BANG.

"Dong" said the Church Clock, sadly.

It was Green Dragon. Green Dragon is HARRY HORSE's best friend.

"Hello, Green Dragon" said HARRY HORSE. "We are going to have a party."

"Hello," said Green Dragon.

"Hello," said Nancy.

"Hello," said Bethan.

"Everyone looks a little sad" said Green Dragon.

"We will have to make them happy" said HARRY HORSE.

"HARRY HORSE can do that" said Green Dragon. "HARRY HORSE is magic."

HARRY HORSE told Nancy and Bethan to climb onto his back.

HARRY HORSE has no legs, HARRY HORSE does not need legs, HARRY HORSE is magic, He can fly.

They flew around the Church Clock once. They flew around the Church Clock twice. They flew away to a big fence.

"Who lives behind the fence?" asked Nancy.

"Behind this fence is the land of the TOCKS" said HARRY HORSE.

"What is a TOCK?" said Bethan.

"Wait and see" said HARRY HORSE.

"Can I help?" said Green Dragon.

"Yes" said HARRY HORSE, "You can blow fire". All green dragons can blow fire. Green Dragon blew fire at the big wooden fence and burned a hole in it. Inside there were lots and lots of TOCKS.

"Hello Tocks" said HARRY HORSE. "Would you like to come to a party?"

"Yes please" said the TOCKS.

They all flew to a big red wall.

"Who lives behind the wall?"  
asked Bethan.

"Behind this wall is the land  
of the TICKS" said HARRY HORSE.

"What is a TICK?" said Nancy.

"Wait and see" said HARRY  
HORSE.

"My fire will not burn a wall"  
said Green Dragon.

"A-tish-oo" said a voice behind  
them. It was the North Wind. "I am not  
very happy" said the wind. "I have got  
a cold. I am sorry that I was mean to  
you".

"That's all right" said HARRY  
HORSE. He gave the North Wind a red  
spotted handkerchief.

"Can I help you?" asked the  
wind.

"Yes please" said HARRY  
HORSE. "Can you blow this wall down?"

"Certainly" said the North  
Wind.

"A-tish-oo" sneezed the North  
Wind, and the wall fell down. Inside  
there were lots and lots of TICKS.

"Hello Ticks" said HARRY HORSE.  
"Would you like to come to a party?"

"Yes please" said the TICKS.

They all went back to the  
broken clocks

"Thank you for helping us North  
Wind" said HARRY HORSE. "I will take  
your cold away." He took the cold  
away. HARRY HORSE can do that. HARRY  
HORSE is magic. "It is time for the  
party" he said.

Nancy blew.  
Bethan blew harder.  
HARRY HORSE blew hardest of  
all.

Green Dragon did not blow. His  
mouth was hot and he would blow fire.

Suddenly there were big tables  
in front of them, with party hats,  
crackers, food and drinks. There was a  
big plate of chocolate ice cream for  
Green Dragon. It would cool his mouth  
down. Green Dragons like chocolate  
ice cream best of all.

There were TICKS everywhere.  
There were TOCKS everywhere. The  
broken clocks were happy because they  
each had a Tick and a Tock.

Soon HARRY HORSE said "We will  
have to go. It is almost morning."

Nancy and Bethan climbed onto  
his back.

"Goodbye, everyone" they said.  
"Cuckoo" said the cuckoo clock.  
"Ding-dong" said the big Church  
Clock.  
"Goodbye" said Green Dragon.  
"See you soon."

HARRY HORSE flew Nancy and  
Bethan back to their bedrooms. They  
took their dressing gowns off. They  
climbed into bed. They were asleep.

HARRY HORSE flew to the floor  
by the window. He was asleep.

Mummy woke up and said that it  
was time to get up. HARRY HORSE was  
asleep.

If you looked at him you would  
think that he was just a toy. A *VERY*  
*BIG* toy. He would never wake up when  
anyone else was awake.
